

## Special Skills

*Activity directions:* Give students a list of the life skills they've practiced so far. Ask them to do this activity individually and then discuss their answers as a team. If time permits, pull the whole class together and let volunteers take turns sharing one of their answers.

- 1 **Look at all of these life skills you've practiced during our STEM project!**
- 2 **Check the three you've practiced the most.**
- 3 **What was your biggest success in using this life skill?**
- 4 **Tell about a moment when you could have done better with this skill.**
- 5 **Check all the life skills you believe you practiced successfully.**
- 6 **What is the skill that's the most valuable to you so far? Why?**
